\$125 per wine package

There is nothing like empowering young women through the outdoors or a night in with family, friends, good wine, and tapas! Joins us for the first ever Virtual Vino Event and get the best of both! We admit it- we're all tired of virtual everything by now but we promise this will be different! Spend an hour with three female sommeliers and the elevateHER Crew to learn, laugh, and drink wine. Included in the ticket price are three bottles of wine, small plates and tapas to pair with, and an hour of trivia, wine facts, and some virtual community building. All proceeds from the event will benefit the girls of elevateHER.

Space is limited to 25 participants. Talk to your inner circle, spllit the price among you, and reserve your spot now!

Your basket of wine will be available for pick up on Sunday, February 28th at the Cellar from 2-4pm.
