Become a Licensed Home Childcare Provider... Bonuses & Incentives Available!

There is a great need for licensed childcare in Chaffee County, especially for infants and toddlers. If you find that becoming a licensed home childcare provider is a good fit for you, Chaffee County Early Childhood Council (CCECC) can help you to understand and complete licensing requirements, as well as help you cover some of the costs to open your home childcare facility. From your initial phone call to the approval of your application, CCECC will be there to support you every step of the way. We can help you to understand and apply for various grants and incentives that are available to licensed home childcare providers.
