

Sustainable Chaffee Leader

To become a "Sustainable Chaffee Leader", your business should promote the responsible use and protection of our environment through conservation and sustainable business practices.

Those practices may include:

- Implementation of an onsite waste reduction/recycling plan
- Use of alternate energy sources (Photo Voltaic Solar, XCEL Windsourse)
 - Implementation of water conservation practices
 - Elimination of single-use disposables to the extent possible
- Commitment to decreasing food waste through donation or participation in composting program, encouraging patrons to bring containers from home for leftovers, educating patrons on food waste statistics
 - Adherence to green purchasing practices
 - Support employee walk/bike to work initiative

As a Sustainable Chaffee Leader, your continued recognition is based on observed commitment to sustainable and waste free business practices.

Potential benefits of participation: Certificate of Recognition; Public Recognition through press releases and boiler-plate ad; increased productivity and reduced costs, wastes and carbon emissions; increased customer and employee satisfaction

To nominate your business as a Sustainable Chaffee Leader, email signed, completed application to:
SustainableChaffee@gmail.com
